

# DILEEP KRISHNA

WEB DEVELOPER

## PROFILE

Motivated BCA graduate skilled in the MEARN stack, experienced in building responsive web applications with clean UI, efficient APIs, and Tailwind CSS, with strong problem-solving skills and a passion for real-world full-stack development

## WORK EXPERIENCE

### Luminar-Technolab

Web developer intern

06/2025-Current

Building responsive MEARN stack applications with clean UI and structured backends, integrating RESTful APIs, Redux state management, and CRUD operations while collaborating with teams to enhance UI/UX, performance, and best practices.

### Projects

#### Table Track – Restaurant Management Website

- Developed a responsive restaurant management web application using React.js, Tailwind CSS, and JSON Server with full API integration
- Implemented table, menu, and order management features to streamline restaurant operations
- Collaborated with a 4-member team using GitHub for version control and project coordination

#### Movie OTT Dashboard

- Built a responsive movie dashboard with full CRUD functionality and API integration for real-time data updates
- Enhanced user experience with interactive, data-driven UI components

#### Resume Builder

- Created a dynamic Resume Builder using React, Bootstrap, and Material UI with full CRUD functionality
- Designed an intuitive user interface that allows users to create, edit, and manage resumes efficiently

#### Gamers Connect

- Built a gamer-focused social platform using React.js, featuring user profiles, real-time chat, and event management with responsive UI for seamless cross-device experience.

#### Bookstore

- Built an online bookstore application using React.js with full CRUD operations for managing books, users, and orders
- Ensured smooth and efficient functionality through proper state management and user-friendly UI

## SKILLS

### Frontend Development:

HTML,CSS, JavaScript, React.js, Angular  
Bootstrap, Tailwind CSS, Material UI,  
UI/UX Design , Figma

### BACKEND & API HANDLING:

Node.js, Express.js, MongoDB, REST  
API Integration, JSON Fake Server.

### DEPLOYMENT & TOOLS:

Git, GitHub, Vercel, Render, Dashboard

### SOFT SKILLS:

Strong Communication, Teamwork,  
Collaboration, Problem Solving

## EDUCATION

Sree Sabareesa College

2022-2025

Bachelor of Computer  
Application (BCA)

Higher Secondary Education

2020-2022

Computer Science

## ACHIEVEMENTS

- Participated in a 2-day Machine Learning workshop conducted by ICFOSS (Nov 2024), gaining hands-on experience in Python and ML fundamentals
- Completed VOS training under the Young Innovators Program 6.0 organized by K-DISC, focusing on innovation and practical skills

## LANGUAGES

- English
